FINANCIAL INCLUSION FOR MICRO, SMALL AND MEDIUM-SIZED ENTERPRISES IN EMERGING MARKETS

ResponsAbility's Micro and SME Finance Debt Fund provides private debt to financial institutions in emerging markets that are providing financial services to micro, small, and medium-sized enterprises (MSMEs). Through these loans, ResponsAbility seeks to extend financing to the more than 1.4 billion adults and millions of small businesses that remain unbanked or underbanked. Financial inclusion is critical to economic development in several key ways, including expanding businesses, supporting long-term household investment in home improvement, health and education, and building resilience to economic shocks such as job loss, crop failure or illness. Access to finance is also a critical tool for women's empowerment, giving women greater control over household financial decisions, which has been proven to lead to increased spending on basic needs such as nutrition, health and children's education.

The Fund's investment strategy seeks to deliver stable returns of SOFR + 370-450 bps, alongside portfolio diversification, low interest-rate sensitivity, and low correlation to global markets. The Fund is best for an investor comfortable with the risks inherent to emerging markets who is looking to minimize additional risks by working with an established manager with over two decades of emerging markets microfinance experience. Since its inception in 2007, the Fund has invested more than \$2.2B in financial institutions and has achieved an average annualized return of 4.11%.

On average, an investment in financial inclusion of \$1M over 3 years will finance 625 low-income people in developing countries:

> 64% located in rural areas.

80% female entrepreneurs.

Respons Ability's microlending portfolio currently supports nearly 39 million borrowers, supporting 18 million jobs, and more than 1.69 million SMEs. Borrowers reached by ResponsAbility are from countries with a gross national income (GNI) per capita of just \$10,738, as compared to the average GNI per capita in OECD countries of \$48,810. On average, an investment of \$1M USD over three years with ResponsAbility will finance loans for 625 low-income people or 100 SMEs in developing countries, of which 64% are located in rural areas and 80% are women.

ABOUT RESPONSABILITY INVESTMENTS AG

Respons Ability Investments AG was founded in 2003 with a mission of empowering the developing world through finance. Since then, ResponsAbility has expanded its investment scope to encompass financial inclusion, climate finance, and sustainable food and agriculture, and has grown total assets under management to \$4.6B across 16 products. Respons Ability has offices in Lima, Nairobi, Mumbai, Paris, Bangkok, Singapore and Tbilisi in addition to its headquarters in Zurich, Switzerland. In May 2022, M&G plc acquired a majority stake in ResponsAbility to collectively expand the firm's international presence, sustainable investment capabilities and asset origination capabilities.

ABOUT THE VENTURE IMPACT PROGRAM (VIP)

VIP is an innovative way for MCF donors to engage in impact investing through philanthropy. Via a partnership with ImpactAssets — a market leader in impact investing — VIP enables philanthropic dollars to be directed towards both nonprofit and for-profit companies that are seeking to make positive social or environmental impact.

For further information, contact Safia Kryger-Nelson at MCF, 415.464.2515 or skryger-nelson@marincf.org.

ImpactAssets	FUND SUMMARY
ASSET CLASS	Private Debt
FUND AUM	\$572MM (as of 6/30/23)
LIQUIDITY	Monthly, at the end of each month, subject to 90 days' notice
TARGET RETURN	SOFR + 370-450 bps
GEOGRAPHY	Emerging Markets
IMPACT AREAS	Microloans and small business loans for low-income, female and/or rural borrowers in emerging economies
INVESTMENT FEES	This recommendation will incur an additional fee of 0.40%. The fee is calculated on current asset basis.
FUND MANAGER FEES	 Management Fee: 1.0% Total Expense Ratio: 1.2% per annum
INVESTMENT THESIS	 ResponsAbility seeks to deliver stable financial returns, portfolio diversification, low interest-rate sensitivity, and low correlation to global markets through private debt investments in local financial institutions that extend financing to micro-entrepreneurs and small and medium-sized enterprises (SMEs) ResponsAbility believes the deepening of the financial sector in emerging markets provides attractive growth financing opportunities, boosted by regulatory evolution, new technology, and the availability of mobile payment solutions.
IMPACT THESIS	 Access to financial services – such as loans, deposits, insurance, and payments/remittances – for loan-income households is essential to boost development and reduce poverty. Financial inclusion helps to grow small businesses, support long-term household investment in home improvement, health and education, and build resilience to economic shocks such as job loss, crop failures, or sickness that could push households further into poverty. Financial inclusion is also a critical tool for women's economic empowerment, giving women greater control over financial decisions within the household, a shift that often leads to increased spending on basic needs such as nutrition, health, and children's education.
ILLUSTRATIVE INVESTMENT	Established in 1985, Family Bank Limited is a midsized bank in Kenya serving the financial needs of SMEs, farmers, teachers and micro-entrepreneurs — segments that large and more established banks often overlook in Kenya. Family Bank aims to develop a universal banking model, positioning itself as a "one-stop shop" for its diverse clientele by providing retail banking products, as well as MSME and agribusiness finance, corporate banking and insurance.
STRENGTHS	 Fund has achieved an average annualized return of 4.26% since its inception in 2007 and an average annualized return of 3.55% over the past five years. Diversified portfolio by both company and geography with an average portfolio company exposure of just 0.6%. Portfolio is currently invested in 264 loans to financial institutions in 56 countries. Rigorous and high-caliber risk management function with sophisticated and well-documented processes.
RISKS	Elevated operational, legal, and political risk associated with investing in emerging economies, mitigated by ResponsAbility's expertise and 14-year track record; elevated portfolio-at-risk due to COVID-19
